OUTLINES.

Great excitement again prevails in Rowan county, N. C., over the burning of the barn of the murdered Lyerly family; negroes may have burned it in revenge for Monday night's lynching, or friends of the lynchers may have destroyed it in order to create sentiment for the lynchers; six lynchers are now in jail at Salisbury, and one was yesterday arraigned on three counts for murder.——The Treasury Department announces that for the first time in thirteen years the government will purchase silver bullion for coinage; 10,000 ounces a week will be taken till further notice. ——President Mitchell, of the United Mineworkers, advises the miners and operators in the Tennessee and Kentucky coal fields to make concessions in order to avoid a strike.——Cashier Herring, of the looted Chicago bank, who has been missing since the bank closed its doors on Monday, was arrested in Chicago yesterday; he puts the blame on President Stensland, whose mysterious disappearance is still unexplained.——A volcanic island 900 feet high has been thrown up off the coast of Alaska.——After an hour's battle in the Kentucky mountains, a sheriff's posse yesterday captured Frank Ball, a famous desperado, after killing one of the murderer's friends. ——Governor Glenn has gone to Salisbury to personally look into the prosecution of the lynchers of the three murderers of the four Lyerlys.——Owing to a rumor in New York that Harry Thaw was not being fed properly, all sorts of food rolled into the Tombs prison yesterday.——The Carolina Mutual Railway Company was chartered at Raleigh yesterday to build a railroad 40 miles long from Lancaster, S. C., into Union county, N. C.——The Inter-State Commerce Commission yesterday issued a statement concerning the conviction of the Atchison, Topeka and Santa Fe Railroad Company for rebating; Paul Morton and the officials are cleverly whitewashed.—— Six railroad terminals in New York are still tied up by strike and vegetable and fruit shipments are suffering. ——President Roosevelt has ordered another cutter to Alaskan waters to look after the ten Japanese schooners poaching on the seal rookeries. New York Markets: Money on call firm, 2¾ per cent., ruling rate and closing bid 4½, offered at 5; spot cotton 10 points decline, closing quiet, 10.60; flour steady; wheat irregular, No. 2 red 77½ elevator; corn easy, No. 2, 56⅞ elevator; oats steady, mixed 38; turpentine firm, 63½ to 64; rosin steady, strained, common to good, $4.00 to $4.10.

Admonition goes further with some people than advice.

"There is too much hanging around in North Carolina," remarks the Charleston News and Courier. That is no joke.

A young lawyer in surf bathing at Atlantic City saved a widow from drowning and then married her. Now nobody will dispute that he saved her at his peril—in two ways.

It is announced that Col. Drinkwater is to be chairman of the Massachusetts delegation which is to participate in New York's welcome to the Hon. W. J. Bryan.

The Russian revolutionists do not appear to "stand up as one man." They probably remember that they have no canal route that some strong outside government would like to scoop in as a feature of the disturbance.

The South Carolina Republican convention elected a negro State chairman. The North Carolina Republican convention assumed a "lily white" attitude, but as a matter of course the North Carolina Republicans hope the negro chairman in sister Carolina will carry the negro party to success in the coming election. We know where their sympathies lie.

Col. Roosevelt is deeply interested in the Congressional campaign and says it is "highly important that Republicans should be elected to Congress." Judging from the manner in which Democratic Congressmen supported the President in what he wanted to get through Congress, he ought to be grateful enough to urge that enough Democrats be elected to push through reform measures when Republicans wash their hands of them like they did his rate bill.

INTERESTING DISCUSSIONS

Resolutions Highly Commending Hon. J. Y. Joyner for His Interest and Work—Will Speak in County at Educational Rally Later.

The second annual sessions of the Association of County School Superintendents for the Southeastern District of the State adjourned yesterday afternoon at 5 o'clock after a day of interesting and profitable discussion. Many of the visitors were either engaged in or had institute work in view in their several counties and desired to get away on the evening trains so that the adjournment was really earlier than was expected. The address by State Superintendent Joyner last night was eliminated at the request of Mr. Joyner, who is spending the time with his family on the beach, and who consented to come and make an address at an educational rally later in the season in the county, if he were excused on this occasion. Mr. Joyner has also consented to make addresses in a number of the other counties in the jurisdiction of the Association.

The second day's session of the Association was called to order by President Howard in the auditorium of the Hotel Tarrymoore yesterday morning at 10:30 o'clock. "Conducting Teachers' Institutes" was a subject interestingly developed in a discussion led by Supt. W. M. Thompson, of Onslow. "Advantages of Consolidation and How to Bring It About" was discussed at the afternoon session by the members. Supt. B. T. McBryde, of Cumberland, who was to have led the discussion, found it impossible to be present.

Before adjourning, the following resolutions were unanimously passed by the Association:

Resolved: "That the members of the District Association of County Superintendents, No. 2, recognizing the interest which State Superintendent Joyner has always taken in the work of the county superintendent and the ability he has displayed in managing the school affairs of the State, desire to express their appreciation of his attendance upon this meeting, his wise counsel in aiding their deliberations, and his words of encouragement in performing the duties which devolve upon them."

Resolved: "We the members of the Southeastern District Association of County Superintendents desire to express our appreciation of the hospitable and courteous manner in which we have been entertained by the managers of the Tarrymoore Hotel during our stay with them."

Resolved: "That the Association express their thanks to Supt. Washington Catlett for his untiring and successful efforts to make the meeting both pleasant and profitable."

The educational rally at which Supt. Joyner has promised to speak will be held on August 29th, on Middle Sound. Mr. Joyner is a guest at the Seashore Hotel with his family and is enjoying the ocean breezes. Dr. J. B. Carlyle, of Wake Forest who delivered such an able address to the Association Wednesday night, will also remain at the beach for some time yet. They are guests at the Hotel Tarrymoore.

Wilmington was exceedingly glad to have the school superintendents at the beach for their annual meeting and regrets that more of them were not in attendance.

Funeral of Mr. Bunting.

The funeral of the late Mr. Justin M. Bunting will be conducted at 9 o'clock this morning from his late residence on Walnut street and the interment will be in Oakdale cemetery. Absent members of the family arrived on last night's train to attend the funeral. As a mark of respect to Mr. Bunting and to allow an opportunity to those nearest to him in a business way to attend the funeral, all the real estate offices of the city will be closed from 9 to 10 o'clock this morning.

TRUCKERS' MEETING

All Arrangements For Meeting in This City Next Wednesday—Session of Executive Committee and Board of Directors.

"All arrangements have been perfected for the annual meeting of the East Carolina Truck and Fruit Growers' Association in this city on the 15th inst.," says the Carolina Fruit and Truckers' Journal in its issue today. "The executive committee will meet here on the day previous to the date for the stockholders' meeting, at which time the operations of the Association will be gone over in detail by that body. All the more vital questions affecting the welfare of the Association and that of the shippers will be gone into minutely and recommendation formulated for submission to the directors and stockholders for remedying the evils with which we have had to contend during the present and past year. It is earnestly to be desired that there be a full attendance of the executive committee at the time and place above mentioned, for there are matters of transcendent importance that will come up for action at these meetings. At 10 A. M., on the morning of the 15th the full board of directors will meet, which will last till 2:30 P. M., when the stockholders' meeting will be called to order in the court house.

"Wilmington, as a community, feels a personal interest in the welfare and success of this great organization of fruit and truck growers extending all over this territory, and gladly extends a welcome hand to the visitors each recurring year. It is the Journal's wish and desire and we know it to be that of the citizens of Wilmington as a whole, to extend our visitors on this occasion every courtesy possible and while no set programme has as yet been arranged, the Journal feels safe in the assertion that something delightful will be given the truckers on this occasion, in the afternoon of the 15th, due notice of which will be made later on, in ample time for all to accept and be present."

Another Sale at Solky's.

Profiting by their experience in the past, discriminating buyers know that when a sale is advertised at the store of J. M. Solky & Co., it means more than the mere name of the thing. Last week it was hats, in which special bargains were offered, and the sales at the store were tremendous. This week the offering is in clothing, and an attractive advertisement elsewhere in to-day's paper tells something of the bargains that are being offered.

TO MAKE EXHIBIT

Merchant's Association Plan to Advertise County's Resources at Annual State Fair.

HENDERSON COLE MANAGER

Chamber of Commerce and City and County Governments Will Be Asked to Assist in the Movement. Something of Plan.

The Wilmington Merchants' Association is moving to the end that New Hanover county may have at the approaching State Fair at Raleigh in October a creditable and representative exhibit of its resources and possibilities. The matter has been under advisement with the Association for some time, but definite action looking to carrrying the plan into effect was taken at the regular meeting Wednesday afternoon. The Chamber of Commerce will be asked to join in the movement and the citizens of Wilmington generally will be expected to lend encouragement to the effort of the progressive business men.

The object of the exhibit is to get the resources of Wilmington and the county before the outside world and to get them interested in this as an ideal location for industries of every kind. Every jobber handling a special brand of goods of merit, every manufacturer, every producer of every kind will be asked to contribute something to the success of the exhibit. They will be asked to distribute advertising matter and when necessary to make demonstrations, etc. It is proposed to carry up exhibits of fish, game, farm products and the like. It is the purpose of those interested in the enterprise to get not only the cooperation of the Chamber of Commerce, but the city and county governments and all loyal citizens of the place. A booklet is to be prepared in connection with the exhibit fully setting forth the advantages, resources and posibilities of the city and county, the pamphlet to be appropriately illustrated for free distribution.

Mr. Henderson Cole, of the Wilmington Furniture Company, who successfully managed the exhibits from Johnson county in 1904 and 1905, winning the first prize at each of the fairs, is chairman of the committee from the Merchants' Association and says that it is only necessary for the people to take hold in a business-like manner to

GRAND ENCAMPMENT

Odd Fellows of High Degree Conclude Fifty-Ninth Annual Sessions in Durham to Meet in Winston. Officers.

(Special Star Telegram.)

Durham, N. C., August 9.—The Grand Encampment, Independent Order of Odd Fellows of North Carolina, concluded its fifty-ninth annual sessions in this city to-night and will meet next year at Winston-Salem. The meeting here has been most pleasant and harmonious. The officers elected for the ensuing year are as follows:

Grand Patriarch—C. E. Frick, of Charlotte.

Grand High Priest—F. C. Dunn, of Kinston.

Grand Senior Warden—W. L. Smith, of Wilmington.

Grand Scribe—J. T. King, Wilmington.

Grand Treasurer—Wesley Williams, of Elizabeth City.

Grand Junior Warden—G. W. Bryant, of Durham.

Grand Marshal—W. D. Gaster, of Fayetteville.

Grand Sentinel—T. H. Brown, of Asheville.

Grand Outside Sentinel—D. R. Scott, of Powell's Point.

Representative (two years)—George Green, of Newbern.

Representative (one year)—W. H. Weatherly, of Elizabeth City.

The sessions of the Grand Encampment began last night in the I. O. O. F. Hall, about fifty representatives being present. To-day the sessions were more largely attended on account of the arrival of a number from the west who missed train connection last night. In the absence of Grand Patriarch L. W. Jeanneret, of Asheville, who was one of those to miss connection, Grand High Priest C. E. Frick, of Charlotte, presided last night and the session was a most interesting one. The address of welcome was by Past Chief Patriarch W. H. Overton, of this city, and the response was by Mr. C. F. Dunn, of Kinston.

This afternoon the visitors were guests of the local camp for a delightful trolley ride about the city. The night session was taken up with the installation of officers and routine business.

Building Permits.

Building permits were issued yesterday for R. R. Bellamy to remodel store at Front and Market streets, R. S. Fisher to build one-story dwelling on Hanover, between Fifth and Sixth streets and T. L. Skipper to erect two-story store and dwelling at Eighth and Dawson streets.

FINANCIAL SHAPE

Retirement of Court House Bonds Leaves But Little Bonded Indebtedness.

FOR NEW HANOVER COUNTY

Auditing Committee of Board of County Commissioners in Session Yesterday Afternoon—Treasurer's Monthly Statement.

The Auditing Committee of the Board of County Commissioners was in regular monthly session yesterday afternoon at the Court House members present being Chairman McEachern and Commissioner Robertson. Aside from examination and approval of the regular report of County Treasurer H. McL. Green for July, the most important business transacted was the burning of Court House bonds and coupons to the amount of something over $11,000, the same having been paid during the past few weeks in accordance with the call of the Commissioners for $20,000 of the issue of 1907. The remainder of the $20,000 will be paid and the interest stopped on them this month. When these bonds and coupons are paid the county will then only owe $7,500 on the present new Court House, the original issue having been $60,000. The other outstanding indebtedness of the county and all that is due is $100,000 in road bonds, nearly half of which is yet to be expended on the permanent improvements of the thoroughfares of New Hanover. All in all it will be seen that the county is in splendid financial shape.

The report of receipts and disbursements for the month of July was approved as follows:

Receipts—Balance on hand, General Fund, $17,192.25; Special Fund, $2,460.49; Road Fund, $47,392.99; Road Sinking Fund, $9,668.58; sale of old Court House property, $16,568; liquor tax $3,040; jury tax, $3.00; back taxes, $55.83; rents, $10; County Home, $136.58; marriage licenses, $23.75. Total, $96,551.47.

Disbursements—Bonds and coupons paid, $11,100.53; Road Sinking Fund, $2,151.56; United Charities, $82.50; Outdoor poor, $212.58; Superior Court, $185.45; Roads and Bridges, $337.42; County Home, $211.86; Public Buildings, $160.45; jail, $181.50; hospital, $600; stationery and advertising, $9.15; tax listing, $412.25; magistrates, $6.25; Commissioners, $124; Register of Deeds, $63.65; Superintendent of Health, $100; constable, $10.40; clerk, $60; janitor, $45; Road Fund, $3,243.83; Treasurer's Commissions, $75.89. Total, $19,374.27.

The balance on hand to August account is $77,177.20 divided among the several funds as follows: General County, $17,583.06; Special, $7,927.96; Road Fund, $44,149.16; Road Sinking Fund, $7517.02.

COMING TO WILMINGTON.

J. Mowell Hawkins Here For Gun Club Tourney This Month.

Among the professionals that will attend the Wilmington Gun Club's tournament Aug. 22 and 23, will be Mr. J. Mowell Hawkins. He first came into prominence as a shooter in 1894, when at the age of 17 he won the championship of Maryland, breaking 48 out of 50 targets, which at that time was a State record. From this time on he won many cups, trophies and individual matches at both live birds and targets; also many high averages at tournaments, and came to be known as one of the best amateurs of the country.

In 1902 he joined the professional ranks as a representative of the Winchester Repeating Arms Co., and since that time has won innumerable averages, and made numerous remarkable scores, finishing, according to the reviews, each year among the first dozen of the best shots in the world in 1903-1904-1905.

He has broken 100 straight targets 44 different times in his career and has made straight runs of 100 three times at live birds. He has a continuous straight run of 284 at targets, made in two days' shooting and holds the world's record of 128 straight from the 20-yard mark, which was made at Baltimore, October 4th, 1905, in open tournament. During the season of 1905 he made high average score 71 different days in open tournaments, and won 22 tournaments of from two to four days duration.

BRUCE WILLIAMS, ESQ

Prominent Citizen and Attorney of Pender County Passed Away Last Night at His Home in Burgaw. Funeral To-day.

A telephone message from Burgaw last night brought news to this city of the death of Bruce Williams, Esq., of that town, well and most favorably known here. Mr. Williams passed away at 8:45 o'clock last night after an illness of some time with a complication of diseases, aged 58 years. For two years or more Mr. Williams had been in poor health but his friends were totally unprepared for the shock that came with the announcement of his death. His immediate illness covered a period of six weeks but his intimate friends could not believe that he was critically ill.

Mr. Williams was prominent in his county and for several years was chairman of the Democratic County Executive Committee of Pender. While he enjoyed a large private practice in the courts of this section, he was well known for his connection as an attorney for the Atlantic Coast Line. At one time he was county attorney of Pender and enjoyed the respect and confidence of all.

Mr. Williams is survived by his wife, one daughter, Miss Maggie Williams; one brother, Grattan Williams, of Long Creek, and one sister, Mrs. Finke, of Long Creek. They have the sympathy of very many friends in their deep bereavement. All members of the family were at Mr. Williams' bedside when he passed away.

The funeral will be conducted at 3 o'clock this afternoon from the Burgaw, M. E. Church and the interment will be in the cemetery there.

BRIDGE IS WANTED

Revival of Movement for Structure Over Northeast River at Castle Haynes—Joint Action Sought By the Two Counties.

A leading editorial in this week's issue of the Carolina Fruit and Truckers' Journal strongly adocates the building of a bridge over Northeast river at Castle Haynes by New Hanover and Pender counties jointly, which it says means the beginning of the end of the ferry at that point. The tax on the people of the two counties by reason of the ferriage charges, it is pointed out in the editorial, would pay for a substantial bridge in five years. Attention is called to the vast amount of traffic that Wilmington receives over this thoroughfare leading into Pender county and the advantages of a free intercourse between the two counties is strongly brought out. The Journal says:

"For some unknown reason both counties in the past have permitted this all important matter to lay dormant, each generation bequeathing it to the succeeding one for action and solution. The day of good roads however, like the dawn of other eras has come, and along with good roads we must have the other necessary means of locomotion in the shape of modern bridges, viaducts, etc. It is, therefore, only a question of time when the public demands will be so great as to force and bring about the construction of a bridge at or near Castle Haynes. Wilmington and New Hanover county stands ready to-day to join with our neighboring county, Pender, for the early construction of this public utility, and we should be glad to see the citizens of both counties, or their official representatives, meet at Castle Haynes for the discussion of this question."

OBSERVE LABOR DAY

Meeting of Representatives of Trades Unions To-night to Decide Upon Place and Features for Proper Celebration of Holiday

Representatives of the seven trades unions of this city, affiliated with the American Federation, will meet to-night at 8 o'clock in Central Labor Union Hall, on the fourth floor of the Atlantic National Bank Building, for the purpose of setting on foot all the arrangements for a proper celebration of Labor Day on the first Monday in September. The Red Men of the city have manifested a desire to join with the labor forces in a big celebration of the day and it is probable that a delegation from that order may be present at the meeting to-night.

It is proposed this year to have the celebration either at Wrightsville or at Carolina Beach and a distinguished speaker from the State will probably be invited to make an address as has been the custom for several years. It is proposed to have the observance of the day fully up to the standard of the past and the transportation lines are making a bid for the big traffic that is always going on such an occasion. However, all these details will be settled at the meeting to-night and it is hoped to have a full attendance of the representatives of organized labor.

The railroads always give special rates to Wilmington for Labor Day and a number of organized workmen from other towns and cities are expected here for the Wilmington celebration. At the meeting to-night the sub-committees will be named to have in charge the various features of the arrangements and the work of arranging the programme will go forward speedily as there is very little time to be lost. The programme will be announced at the earliest possible time.

CAROLINA'S HUMILIATION.

Greatly to the humiliation of North Carolinians who love peace and order and are jealous of the reputation of their State, the newspapers of the State, of the South, of the West and of the North are condemning in unmeasured terms the useless lynching of the three negro murderers at Salisbury on Monday night. The fact that the court was in session to try the prisoners is used to show the utter recklessness and lawlessness of the mob, and certainly our State is getting a widespread advertisement that is not well calculated to do it any good. It is indeed a kind of notoriety that the good people of North Carolina would prefer to have not had.

The Charlotte Observer, referring to some of the outside comments of the press, says:

"The out-of-the-State papers which have been received at this office since the occurrence at Salisbury Monday night are unanimous in their denunciation of it. It is amazing to see in one North Carolina paper, the Durham Sun, in a series of paragraphs on the editorial page—whether editorial or not we are unable to determine—attempted justification of it. We shall not copy the comments of the outside papers; that would serve no good end; but there are two citations we would make. That of the Columbia State is the most biting and most humiliating of all: 'We are confident,' it says, 'that such a lynching as this that occurred at Salisbury could not have taken place in this State.' This fills North Carolina's cup and causes it to run over. We await the reproof of Georgia and Mississippi. There is infinite discomfort in these three sentences from a column editorial in the Richmond News-Leader: 'We think the sentiment of the people of the South regards this affair will be one of profound disgust and humiliation. Other sections of the country will view the affair with contempt which will be all the more bitter for us to bear because we cannot avoid the feeling that it is deserved. We sincerely hope that in North Carolina there will be a general sensation of shame.' This means that our dealing with the matter was pusillanimous, and causes the blush to mantle the cheek."

The Salisbury Evening Post, published at the scene of the triple lynching, makes this remark:

"With the departure of the military the triumph of the besiegers was assured. The jail guard was powerless. By shooting down a hundred or more men on the outside he could have saved the prisoners, but it was not a part of Sheriff Julian's programme to take action that would result in butchery. He and his men fought valiantly with their hands, but at 11 o'clock the prison house was in the possession of the mob, which went from cell to cell."

In the protection of prisoners it is not necessary to butcher assailants of jails or the bystanders of the innocent class. There should always be a strong enough military contingent to deter and overawe the mob.

Concerning the statement that the Salisbury company, the Rowan Rifles, were at the jail with only blank cartridges, the captain of the company says this in a card in the Salisbury Post:

"I wish to make the positive statement that the Rowan Rifles were not issued blank cartridges, but regulation riot ammunition, multi-ball cartridges. * * * There is no blank ammunition in the possession of my company, never was except at maneuvers, and blanks are not issued to companies."

From that statement of the captain, it seems that the Salisbury company was called out for the moral effect and not to resist any attempt to stay the hand of the avenging mob.

MAJOR STEDMAN IN EUROPE.

Major Chas. M. Stedman, formerly of Wilmington, now practicing law in Greensboro, is in Europe, and while in Edinburg, Scotland, July 19th, wrote to a friend in Raleigh that while in the Advocates' Law Library, of that city, he met and talked with the Hon. William Jennings Bryan, of Nebraska. Maj. Stedman writes to his Raleigh friend: "William J. Bryan is a great man, and I believe will be the next President of the United States."

A portion of Maj. Stedman's letter is published in the Raleigh News and Observer yesterday, and besides his reference to Mr. Bryan, North Carolina's distinguished citizen writes:

"As you know, I was quite run down when I left home, and my physical condition was not good until I reached this side of the Atlantic. I was greatly benefitted by the ocean voyage and I do not think I have been stronger in ten years than now. I have been in Scotland ever since I left Liverpool. * * * Edinburg is one of the most interesting cities in Europe. It is clothed with the majesty of good memories and has many places of interest which attract the scholars. I have been here most of the time, but have been called by my business also to Inverness and the Far East; to Aberdeen, Perth and other places. I shall go to London on Monday next and spend the week there. I hope to sail from Liverpool for New York on the steamer Carolina August 31.

"I have enjoyed my stay in Edinburg. The lawyers here have been very kind, inviting me to their homes and rendering many courtesies. I have heard but little from North Carolina, but hope soon to be back in the good old State."

Major Stedman's large number of friends will be glad to hear that his trip abroad has benefitted his health, and they will be none the less interested in what he says of his trip. The name of the ship on which he is to return is quite appropriately named and his friends knowing how well he loves his State will suspect that he took passage on her because of her name.

WONDERFUL STATE—NORTH CAROLINA.

That we live in a wonderful State, the following from the Charlotte Chronicle will show in one particular:

"In crossing the mountains of West Virginia the C. & O. trains run for a long way, perhaps 100 miles or more, along the New River. The coal mined along this river in West Virginia—Pocahontas and New River coal—is surpassing in excellence. It burns to an ash without clinking, it is practically smokeless and is a good steamer. The New River has a very unusual course from its head to the ocean. It rises on the western side of the mountains under Blowing Rock, N. C. Its general course is north. It breaks now and again through the mountains always trending north and westerly. It traverses the richest and best coal field of West Virginia, and finally runs into the Ohio River near Gallapolis, Ohio. Hence its waters go to the Mississippi, thence to the Gulf of Mexico and not to the ocean until the Gulf stream sweeps them through the opening between Florida and Cuba into the Atlantic. The water's rising nearby Blowing Rock on the eastern side of the divide go at once into the Atlantic through the Yadkin and Catawba Rivers."

Rivers which rise on the eastern side of the mountains of North Carolina find their way to the Atlantic Ocean through this State and through South Carolina, and those which rise on the western slope make their way as far north as Ohio, and others flow through different States by different courses and finally mix their waters with those of the Gulf of Mexico. Our State furnishes a portion of the waters of the great Mississippi River.

Danderine

GREW THIS HAIR

And we can PROVE IT Testimonial No. 976.

MISS STELLA WELLS, 937 S. Humphrey Ave., Chicago.

Hair will not stop falling of its own accord, and the longer you let it go without treatment the thinner it becomes, and the more difficult to cure. Sick hair, just like sick people, will die if not cured. You can save the hair's life with Danderine. It makes the hair grow unusually thick and long, and gives it that natural gloss and beauty. NOW at all druggists, three sizes. 25c., 50c. and $1.00 per bottle. KNOWLTON DANDERINE CO., Chicago.

CURRENT COMMENT.

—Anson loses to Rowan. Score three to one.—Rockingham (N. C.) Ansonian.

—"When there's nothing to say, a man's a fool to talk," is Mr. Cannon's latest sententious saying. How many fools there are!—Springfield Republican.

—Many New Yorkers have heretofore regarded the Hearst boom as a joke. Now they are beginning to think it may prove a serious joke.—Savannah News.

—When Mr. Watson endeavors to pay his pop-call to the Democratic party he will be apt to find the old party "not at home" to him. But if he will hang up his hat and stay, he may be given a turn at the woodpile.—Savannah News.

—David Anderson, a farmer of Joelton, just over the Davidson county line, in Cheatham county, is raising a crop of corn which promises much greater money returns than ordinary field corn. The yield in ears is sweet, excellent table corn. But the stalks are not of the usual color. The stalks appear, at first glance, to be covered with purple dye and the sap is of the same dark hue. From one stalk as much as a pint and a half can be obtained and the fluid makes a permanent writing ink, rich purple in color. Mr. Anderson has been experimenting for ten years in the endeavor to grow corn with dark purple sap, which could be converted cheaply into a good quality of ink and he believes he has at last succeeded. He has a half acre patch, the result of a decade of experimenting, and is confident that the ink will be a commercial success.—Nashville American.

—The fellow who climbed the tree to place the rope to hang the negroes at Salisbury last night, straddled the limb, then rolled, lit and smoked a cigarette. There's your typical lyncher! No judge on the bench, clothed with all the authority of the law and performing his sworn duty, ever pronounces a death sentence except with the greatest sadness, solemnity and regret for the fatal necessity. Yet your lyncher, with murder in his heart, constitutes himself judge, jury and executioner, and the while performing his criminal deeds, jauntily smokes a cigarette and blows its smoke to heaven mingled with the shrieks of his victims. Good citizens, bah! Let the slander on good citizens cease! The cigarette blower, the whiskey guzzler, and the moral degenerate is your lyncher!—Monroe (N. C.) Journal.

—In his candidacy for re-election to Congress, Nicholas Longworth, of the First Ohio district, will have the opposition of organized labor. In discussing the probable campaign of the union men against certain members of Congress, Frank Rist, organizer for the American Federation of Labor, let it be known to-day that Mr. Longworth is on the black list. He stated that the union leaders would prepare a list of men from both of the leading parties, men who would be acceptable to the union men. Asked if H. P. Goebel, who represents the Second district, would be on the list, he answered, "No," and added decisively, "nor will Nick Longworth, of the First." "If the leading parties nominate men of whom organized labor approves," said Mr. Rist, "we will not take a part in the campaign. If they do not, we will follow the lead of Samuel Gompers and aid him in his fight."—Cincinnat Dispatch.

—The New York Evening Post of Tuesday opens a characteristic editorial: "Yesterday at Charlotte, North Carolina, three negroes, whose trial for murder was already under way, were taken from the jail and lynched, in spite of the appeals of the mayor, the judge who was trying the case, the city solicitor and United States Senator Overman." Beg your pardon. Not Charlotte. That is what we get for furnishing the date line.—Charlotte Observer.

AS WE LIVE WE GROW

In values and in stock. This is the Mid-Summer season but we have lots of new and pretty things to show. We have just placed on sale, about four hundred pieces of Nos. 60, 80 and 100 in plaids and fancy Dresden ribbons; regular price from 15c to 25c per yard, our price 10 per yard special.

We have five hundred new umbrellas, one hundred ladies' and one hundred men's, are made of the best paragon frame with a copper wire rivet, cloth the best cravenette rain proof cloth, with fancy handles; goods that would be cheap at $1.25 or $1.50. Our price for the ladies' is 89c and for the men's $1.00.

We have fifty sample rolls of matting. It is newly imported goods, each roll different from the other and is better goods than the ordinary stock as it is goods that is sent to this country as samples only, and is 25 per cent. cheaper than regular matting.

This matting runs in price 15c, 18c, 20c, and 25c per yard.

We have two rolls of 40-in wide hemp carpet. It is reversible patterns, one side being carpet pattern and one side matting pattern. Goods that is worth 35c per yard and we are showing it for 25c per yard.

In our millinery department we have received a beautiful line of silk hats and braid hats, goods that are up to date and pretty. They come in all shades and different prices from 75c to $2.25 each.

To ladies who wish pretty plumes either full length or 3-4 size, I would like to show them some samples. I have all colors and prices from $1.00 to $6.50 each.

Our flower stock we will sell for 25 per cent. less than first price.

We think the best muslin underwear is sold in the city by us.

We handle nothing but The Royal Underwear and every garment is well made, every seam doubly stitched and our prices are as cheap as any ordinary goods The best place to buy it is where you can get the best goods for the least money and we ask you to look at ours. We have garments for all prices from 25c to $1.00 each. We have them finely trimmed up as high as $3.50 each.

Tailor Made Skirts—As the Fall season is approaching we have secured a big line of ladies' skirts and I feel quite sure that you will find them cheap.

In white or cream mohair skirts we have some special values. We have about three different styles and the skirts were made to sell from $3.50 to $5.00 each; we are offering these skirts from $2.00 to $3.50 each. We also have a nice line of colored skirts from $1.50 to $7.50 each. We bought from a factory a few days ago about 80 skirts which were slightly imperfect at a great reduction and we can sell you these goods at 25 per cent, less than manufacturers' cost. They are all this Fall styles and new goods while the imperfections are oftimes so small that you would not notice them, for instance a $5.00 skirt would be about $3.00 or $3.25. This is a good chance to save money and that is what every one wants.

Boys' Wash Suits to Close Out—I will allow next week 10 per cent. discount on all good that I sell in this line. They were already very cheap but we bought too many for the size of the town and must reduce the stock. I will also offer a discount of 10 per cent. on all mohair, sicilian and serge coats for men. These are all new goods, but we consider it better to lose the 10 per cent. profit than to carry them over.

For your Fall Dress Goods in fine qualities and new styles, we propose to lead the city. The best way to prove it is to examine our line before purchasing elsewhere.

With us it is a problem where to put our Fall stock when it comes in. Our store is already full and for the next few days we will receive hundreds of cases of general merchandise. We buy from large factories and they deliver their Fall goods early and we are in a position to sell you goods this season as cheap as we ever sold them in our lives.

I want to say in relation to your dress goods bill; whether you live in this city or a thousand miles off, and you want the best goods and the prettiest styles, I ask you to give me a showing. All persons wishing dress goods samples will send 5 cents for postage, as we do not care to give the samples indiscriminately as it costs both money and the postage.

We want your Fall business. We give you the best goods for the money and premium stamps with every purchase. Our premium department is a beautiful place. It looks like a fairy corner and think! we give those things away without cost to the purchaser. Ask to see this department. Do your trading with us and get something pretty.

Remember, Geo. O. Gaylord's Department Store,
210-212 and 214 North Front Street.

SPIRITS TURPENTINE

—The following named North Carolinians arrived in Paris on Wednesday and registered at the office of the Paris edition of the New York Herald, No. 49 Avenue de l'Opera: Miss Gertrude Weil, of Goldsboro; Misses Eliza A. Pool and Isabel Pescud, of Raleigh.

—The Southern's passenger train No. 35 was rocked at High Point Wednesday night, one of the rocks thrown going through the first-class car and striking a young lady passenger in the head, painfully injuring her. This kind of devilment has been perpetrated at High Point several times lately. The officers are looking into the matter.

—Lawrence T. Alford, colored, who killed Ed. McKellar, also colored, in Thompson township, Robeson county, about two years ago and for whom a reward of $100 was offered, was arrested at Cheraw, S. C., a few days ago and was identified on Tuesday by Evan McKellar. Governor Glenn has been asked for requisition papers for his return to this county. Alford made his escape after the killing, and had not been heard of until a few days ago.

—It is thought that the Southern Railway has designs upon the northeastern section of the State. Recently Col. Andrews, vice president and general manager of that road, made a trip of a few days' duration through the Elizabeth City country and it is said his visit is not without significance. At present the entire territory is controlled by the Norfolk & Southern interests, recently merged with the Virginia-Carolina Coast Railroad.

—Elizabeth City special, Aug. 8: The wrecked schooner Luther B. May, of Hyde county, which was capsized by a severe storm in the Pamlico sound, was towed into this port late yesterday afternoon by the United States revenue cutter Boutwell. The vessell was found at a point near Gibb's shoals. Since the wreck she had been a floating derelict and a serious menace to navigation. The total damage will not reach $500. This is the vessel on which two lady passengers were drowned and from which the crew was taken in a crazed condition.

—Charlotte Observer, Aug. 9: Lizzie Bowman, the colored giantess who was injured in the wreck on the Seaboard Air Line, near Hamlet, several the Good Samaritan Hospital. Lizzie the oGod Samaritan Hospital. Lizzie was badly mangled and little hope was ever entertained for her recovery. On account of her unusual weight, 360 pounds, she was a very hard patient to handle. A special casket had to be made for the remains, which were shipped yesterday morning to Monroe.

—Warren Record: It is two years before the Democratic party will nominate a candidate for Governor to succeed Governor Glenn, yet we have heard several names mentioned as probable candidates for this high office. The friends of Lieut. Governor Francis D. Winston, of Bertie county, are going to urge that he be given this nomination. Mr. Winston has strong friends from one end of the State to the other and when they put him in the field it is going to be rather warm for the other candidates.

—Richmond, Va., special Aug. 8: Miss Jean Clarkson, daughter of Dr. and Mrs. Henry Mazyck Clarkson, of Haymarket, was married last night at St. Paul's Episcopal church, at that place, to General Thomas Ross Robertson, of Charlotte. The church was prettily and tastefully decorated for the interesting occasion. The cere mony was witnessed by a large concourse of the friends of the bride, who is popular wherever she is known. The groom is adjutant general of the North Carolina National Guard with headquarters in Charlotte, where he and his bride will make their home.

—Asheville special, Aug. 8: Amid much enthusiasm "Farmer" Burns and Charles Olsen to-night wrestled one of the fastest and toughest matches that has been witnessed here since the Ono-Olsen exhibition many months ago. Burns won both falls and likewise a $1,000 side bet and all the gate receipts. Asheville sports seem never satisfied. Although wrestling has been in Asheville for more than a year every contest attracts a large crowd and the audience that watched the fierce match to-night numbered well up toward the thousand mark. Burns and Olsen roughed it from the start. They jammed their elbows into each other's faces, while at one time biting and scratching was the ruling feature.

—Lumberton special, Aug. 8: At the meeting o fthe executive committee of the Veterans' Association of the county held here yesterday, the contract was let to the McNeill Marble Company, of Spartanburg, S. C., to furnish and erect the monument to the dead Confederates of the county. The monument will cost $3,850, and will be placed in the court house yard in front of the court house. The total height of the monument, including the statue, which will be six feet, six inches, will be forty-one feet. The base will be 10x10 feet. The material will be Oglesby granite. It is expected to have the monument ready to be unveiled the tenth of May, next. All subscriptions for the monument fund will be collected between now and November first. A committee was appointed to arrange for speakings for the benefit of the monument fund.

—Raleigh News and Observer, Aug. 9: Two convicts, Reuben McDaniel, colored, and James M. Getty, white, escaped yesterday morning from the Raleigh and Pamlico Sound Railroad camp near Wakefield. McDaniel is a dark ginger-cake colored negro, twenty-four years old, 5 feet 6 1-2 inches high, weighing 165 pounds and having brown eyes, black hair, with a scar on the forehead and one across the nose. He was sentenced from Iredell county in August, 1904, for a term of fifteen years for burglary in second degree. Getty is a white man, about thirty-eight years old, 5 feet 9 inches high, weighing 160 pounds, having brown eyes and black hair. He was sentenced from McDowell county in July, 1905, for a term of seven years for burglary. For the recapture of each of these men the State penitentiary authorities will pay a reward of $25 and all necessary expenses.

—Asheville special, Aug. 8: The lands of the Whittier Lumber Company, lying in Swain county, were purchased by Charles J. Harris, of Dillsboro, Monday, for $440,024.05. Mr. Harris' bid was made on behalf of the Harris-Woodbury Company, a concern formed several months ago and which, it is understood, really effected the purchase of the lands, during the early part of this year. The Whittier boundary was sold at public auction at Bryson City Monday by Special Master George Spears Reynolds, of Asheville, under a decree of the United State Circuit Court. The property now in public control of the Harris-Woodbury Company contains more than 70,000 acres of land on which it is claimed there is standing the finest timber in all this section. The land is covered with virgin forest, where are found all the more valuable hardwoods. A large portion of the boundary is easily accessible while other portions will require considerable time and expense to clear of the marketable timber.

—Charlotte special, Aug. 8: Among the speakers who have been engaged for the September meeting of the Greater Charlotte Chautauqua are Senator Benjamin R. Tillman, of South Carolina, Rev. Sam P. Jones, of Georgia, the noted platform preacher; Rev. Geo. R. Stewart, known as the "Great Southern Orator," and Hon. John Temple Graves, editor of the Evening Georgian, of Atlanta, Ga. Rev. D. L. Reid, manager of the Chautauqua, is now making an effort to add several other well known names to this list. The people interested in the Greater Charlotte Chautauqua which includes some of the best men of the city—are determined to make it a big success. A large sum of money has been raised to carry out the plans and make the programme interesting. Besides the noted Dailey Quartette, Madame Shotwell-Piper and other widely-known soloists have already been booked. The meetings will be held in the Academy of Music. All railroads leading into the city have complied with the request of the management to give special rates from all towns likely to send people to the Chautauqua.

Still Ahead in Low Prices

Our regular prices are much cheaper than any special prices yet advertised. Our goods are NEW. The following shows how and why we do and can undersell.

Discount on account of large purchases, average,	*10 pr. ct*
Discount for cash (we pay cash), average	*10 pr. ct*
Savings of freight on car shipment, average	*5 pr. ct*
Total,	*25 pr. ct*

As you see, we can sell goods at a profit of 25 per cent. and at the same time sell them for just what they would cost us if we bought in small quantities, paid local freight and bought on time. We do not try to make 25 per cent.

Our claim is corroborated by the number of prudent purchasers we send. For June the 1st to the present, we have sold $4,540.21 worth of goods, received more than $3,300.00 in cash. Our books are open for inspection of any doubters. When in need of furniture come to headquarters.

LOCAL DOTS.

—Mr. Gilbert Phillips, life saver at Lumina, is at his post again after an enforced absence of some time because of a nail run into his foot which was followed by blood poisoning. He is much better now and is on duty as of yore.

—The Seaboard announces week-end rates of $4.50 from Raleigh to Wilmington and return. Tickets sold Saturdays and forenoon trains Sundays, good to return the following Tuesday; return limit having heretofore been Monday.

—Constable "Tuck" Savage announces his candidacy for renomination to the office which he now holds with such great credit to himself and the county. His name will be presented to the voters of the township at the primaries to be held September 19th.

—Deputy Sheriff John W. Smith and Special Deputy Graham Smith yesterday conveyed to the hospital for the colored insane at Goldsboro the old negro Henry Pigford, confined in the county jail here for some time because of his mental condition. The old man, who is a giant in physique, is violent at times and it was therefore deemed prudent to send two officers with him.

—Charlotte Observer: "Lizzie Bowman, the colored giantess who was injured in the wreck on the Seaboard Air Line, near Hamlet, several weeks ago, died Tuesday afternoon in the Good Samaritan Hospital. Lizzie was badly mangled and little hope was ever entertained for her recovery. On account of her unusual weight, 360 pounds she was a very hard patient to handle. A special casket had to be made for the remains, which were shipped yesterday morning to Monroe."

Farmers' Annual Picnic.

The Farmers' Annual Picnic at Still Bluff, Pender county, will be given this year on August 17th. A band from Wilmington has been engaged to furnish the music and there will be a steamer leaving Wilmington at 6:30 A. M. for the grounds, returning leave Still Bluff at 6:00 P. M. A good time is promised everyone who attends. The committee of arrangements is composed of Messrs. E. A. Hawes, Jr., Wister Simpson, R. D. Bland, J. A. Dew, C. A. Blizzard, Roy Keith and D. J. Corbett, Jr. The people of the county are invited to come and bring well filled baskets."

The Southern National.

An unfortunate typographical error in the advertisement of the Southern National Bank in yesterday morning's paper made the advertising man of that excellent institution say that the strength of a bank, like that of a powerful locomotive, depends upon the man who runs it. It should have read "depends upon the men who run it." And it is just so with the Southern National as is brought out in the advertisement: The Southern National is owned by 180 successful business men of this section, is supervised by the U. S. Government, and no twenty stockholders hold enough stock to direct its affairs. It was the worst sort of a blunder to characterize the "Southern" as a one-man institution.

Real Estate Transfers.

From deeds filed for record yesterday at the Court House the following transfers appear: Thos. P. Bagley to J. D. Bender, for $750, property on north side of Ann, 82 1-2 feet west of Ninth street, 41 1-4x119 feet in size, with right of way over property adjoining. George Davis and Thos. H. Wright to Jno. R. Hanby, for $10 and other considerations, on north side of lot No. 2 in Block 268, 119 feet east of Eighth street, 51 feet on Brunswick street, extending to MacRae, 66x41 feet in size. H. M. McDonald and wife to George Davis, property described above.

—Rev. N. M. Watson and family are spending a month at their old home in Chatham county, this State. There will be no services at Grace church Sunday on account of the absence of Rev. Mr. Watson.

—Charlotte Observer: "Mr. and Mrs. John S. Blake and children and Mr. J. A. Bivins and mother will leave to-morrow morning for Wrightsville, where they will spend a few days at the Tarrymoore."

—Mr. F. V. Oliver has resigned his position with the A. C. L., in this city, and will leave in a few days for his former home in Savannah, where he will have a position with the Coast Line in that city.

—Charlotte Chronicle: "Rev. Francis M. Osborne leaves in a few days for Wilmington, where he will spend a week. Mr. Osborne will have charge of St. Paul's Episcopal church during his visit to Wilmington."

—The Greensboro Record: "Mr. Harry N. Smith, who for the past year has been head bookkeeper for E. M. Andrews & Company, has gone to Charlotte to accept a responsible position with the Merchants' and Farmers' Bank, of that city."

—Mrs. B. E. Kimbrough, mother of the late Mr. R. C. Kimbrough who recently passed away in this city, left yesterday for her home in Richmond. Mrs. R. C. Kimbrough left with her little son for Burkeville, Va., where they will make their home in the future.

ANOTHER RALEIGH STRIKE.

Operatives of Knitting Mill Walk Out For Shorter Hours.

(Special Star Telegram.)

Raleigh, N. C., Aug. 9.—Operatives of the Melrose Knitting Mills here, walked out on strike this afternoon because of the refusal of the directors to grant shorter hours, the demand being for sixty hours per week instead of sixty-six.

The mill makes men's underwear and the pay is by the piece. The president of the mills says he feels sure the management and operatives will reach an agreement very soon so that work will be resumed.

make a great showing. The matter will be called to the attention of the Chamber of Commerce at its next meeting and from time to time, Mr. Cole says, the people will be advised of the progress and plans of the committee.

It is pointed out that Wilmington is the largest city in the State and with its splendid trucking lands and various manufacturing enterprises, it could send to Raleigh for the Fair one of the finest exhibits on the grounds and one that would be of lasting benefit to the section. Mr. Cole and members of the Merchants' Association are thoroughly enthusiastic in the cause and will see to it that the people of the city and county are educated to the great desirability of making the exhibit.

THE WEATHER WAS TORRID.

Temperance and Humidity Yesterday Something Fierce—Showers To-day.

The weather yesterday was declared by many to have been the most oppressively hot of the Summer. While the official thermometer way up in the tower of the postoffice building recorded only 93 degrees, the same maximum as the day before, there were many sweltering individuals on the streets who were willing to gamble it was near a hundred degrees on terra firma. The humidity was terrible and only in exceptionally well located spots was there any semblance of a breeze.

Nightfall brought little relief and many compaints of being unable to sleep were registered early in the evening. To the "boys" in the newspaper offices who sat down before linotype machines with a pot of molten metal in front of them all night, it was exceedingly difficult for them "to keep their shirts on" both literally and metaphorically speaking. At the beach of course, it was cool and pleasant and all townspeople who could get there, took the first car. The minimum temperature, according to the Weather Bureau, was 76 degrees; mean 84. To-day there is consolation in the weather forecast which says "showers." Let us hope that the showers will be accompanied by cooling breezes.

MAYOR'S COURT YESTERDAY.

Several Cases of More or Less Interest Tried Yesterday.

The weather was not too torrid yesterday for the police court to be "doing business at the same old stand." The recent differences between Messrs. Jno. M. Meyland and Sol Sternberger in which the latter was charged with an assault with a deadly weapon was brought up, but the prosecutor withdrew the warrant and paid the costs. There was no disposition on the part of Mr. Meyland to push the case and the matter was amicably adjusted in the manner set forth.

Mitchell Davis, Isaiah Anderson and Emanuel Anderson were arrested for disorderly conduct out at "Union Square" by Mounted Policeman E. R. Chadwick. The defendants were dismissed with the costs.

Mr. Fishblate Returns.

Ex-Mayor S. H. Fishblate, now district manager of the Duke's Mixture Department of the American Tobacco Company, returned last night from a two weeks business and pleasure trip to the eastern part of the State and Norfolk, Va. The genial ex-Mayor says that the weather was so hot and the mosquitoes so bad in Norfolk that he decided to come home and cool off. He had a pleasant trip and speaks enthusiastically of the prosperity of the country everywhere.

EAGLES' CONVENTION.

Grand Aerie Will Assemble in Milwaukee Next Week.

William J. Bellamy, Esq., past worthy president of the Wilmington Aerie of Eagles, is preparing for a trip to Milwaukee, where he will represent the Wilmington birds at the annual convention to be held from Aug. 14 until 17. The session will be one of the most important ever held as the question of the creation of State lodges and a National lodge will be discussed. If the State grand lodges are created it will obviate the necessity of sending a delegate from every lodge, instead of which one delegate will be sent to represent all the lodges in the State. Mr. Bellamy will leave for Milwaukee Friday night.

PAUL MORTON IS WHITEWASHED

Inter-State Commerce Commission Makes Statement Concerning Rebate Case.

CORPORATION IS CONVICTED

Railroad Company Had to Pay Fine of $15,000 But Morton and Other Officials Guilty of No Criminal Intent.

By Wire to The Morning Star.

Washington, D. C., August 9.—In a statement issued to-day by the Inter-State Commerce Commission regarding the conviction of the Atchison, Topeka and Santa Fe Railway Company for violating the law with respect to giving of rebates, the Commission says:

"The avowed purpose of the practice tends to support the view," that there was no criminal intent on the part of Paul Morton, formerly Secretary of the Navy and former head of the traffic department of the Santa Fe, and other railroad officials involved. The statement calls attention to the fact that with the imposition of the $15,000 fine on the railroad "the history of the famous Santa Fe rebate case is probably closed," and praises President Roosevelt and Attorney General Moody for carrying out with success the administration's declared purpose to enforce the statute in all such cases. The statement is as follows:

"With the recent conviction of the Atchison, Topeka and Santa Fe Railroad Company and the Colorado Fuel and Iron Company, and fine of $15,000 imposed upon each, in the Federal court of New Mexico for violation of the Inter-State Commerce laws through giving rebates by the railway company to the Fuel and Iron Company the history of the famous Santa Fe rebate case is probably closed.

"The Attorney General in disagreeing with Messrs. Harmon and Judson, who had been employed by the government to make a preliminary investigation, acted plainly with foreknowledge of the legal difficulties that attended every step in the attempted prosecution of Mr. Morton and other officials in this peculiar case, which really grew out of a long standing practice which only became conspicuously unlawful after the passage of the Elkins law in 1903.

"There was a technical violation of the law involved in the transaction, as has always been plain, but that there was criminal intent on the part of Morton and others involved has always been denied; and the avowed purpose of the practice tends to support that view. On the other hand it is not difficult to prosecute the corporations themselves, and upon an agreed statement of facts presented to the court, the fines above mentioned were imposed.

"Thus apparently ends a famous chapter in the history of litigation under the Inter-State Commerce laws. Primarily the Inter-State Commerce Commission deserves the credit of initial investigation and public report, but the great meed of praise is due to Attorney General Moody and, of course, President Roosevelt, in again carrying out with success the declared purpose of the administration to inforce this great statute in all practicable ways."

MUCK-RAKING COMMITTEE.

Secretary Carter, of International Policyholders' Committee, Resigns.

(By Wire to The Morning Star.)

New York, August 9.—Seymour Easton, secretary of the International Policyholders' Committee, sent the following telegram of resignation to Richard Olney, chairman, to-day:

"New York, Aug. 9, 1906.

"Hon. Richard Olney, Chairman, Boston, Mass.:

"Dear Sir: I herewith tender my resignation as Secretary of the International Policyholders' Committee to take effect immediately. When I accepted this position I believed this movement to be righteous, unselfish, public-spirited and in the best interest of the great body of policyholders. I have been outspoken in giving publicity to this opinion. I feel that I owe it to you and to the other eminent gentlemen whom I intended to serve on this committee, as well as to myself and to the policyholders that I be just as frank and as fearless in expressing my present convictions by a prompt and positive resignation.

"(Signed)

"SEYMOUR EATON."

The secretary received to-day from Mr. Edwin Liebfreed, treasurer of the committee, his resignation to take effect as soon as the finances can be transferred to a successor.

The Rev. James Brady a Baptist clergyman of Morristown, Tenn., died Wednesday night in the county jail of hydrophobia. He was bitten by his own dog. A few days later he developed symptom of rabies and became violent and was placed in a cell.

SILVER COINAGE TO BE RESUMED

Beginning Next Wednesday Treasury Department Will Be In Market for Bullion

FIRST PURCHASE IN 13 YEARS

Government Has Taken Precaution to Prevent Violent Fluctuation in Metal Market—10,00 Ounces Week to Meet Demands.

(By Wire to The Morning Star.)

Washington, August 9.—For the first time in 13 years the government announced to-day its purpose to purchase silver for coinage purposes. Tenders are invited at the office of the director of the mint in this city on Wednesday, the 15th inst., up to 1 o'clock P. M., and on Wednesday thereafter until further notice. These tenders are to be for delivery at the Philadelphia, New Orleans or Denver mints, settlement to be on the New York basis of bullion guaranteed 999 fine. The Treasury reserves the right to reject all tenders or accept such part of any tenders as may suit its convenience. It is understood that, anticipating that its reappearance as a purchaser might temporarily disturb the market unduly, the Treasury has obtained control of considerable amounts for future delivery.

The average requirements of the Treasury throughout the year will probably not exceed 10,000 ounces per week, and it will be the policy of the department, while keeping a reasonable amount in hand, to so distribute its purchases throughout the year that its demand will be uniform and not an element of uncertainty.

In 1900, as this stock was running low, authority was granted in the monetary act of March 14th, to the Secretary of the Treasury, to divert bullion, purchased under the act of July 14, 1890, for the coinage of silver dollars to the coinage of subsidiary pieces. Under this authority about $30,000,000 has been coined since 1900.

The stock of bullion in the Treasury was exhausted more than a year ago, and since then no bullion has been available for the subsidiary use. The stock in the Treasury had become so low that it was apparent, according to the department, that the demands of a consantly enlarging trade could not be met without additional coinage. The Secretary of the Treasury was in doubt whether existing statutes authorized him to buy bullion for this purpose, and, moreover, was of the opinion that it would be a better policy to meet future demands for subsidiary coin by the recoinage of silver dollars in the Treasury, and so recommended to Congress. Congress, however, having failed to act, upon his recommendation Secretary Shaw requested an opinion from the Attorney General as to his authority to purchase bullion for this purpose under existing law and received a favorable reply, based on Section 3,526 of the Revised Statutes. The policy now announced was accordingly determined upon.

THOUGHT THAW WAS HUNGRY.

Abundance of Food Rolls Into Tomb Prison.

(By Wire to The Morning Star.)

New York, Aug. 9.—Harry K. Thaw today was suddenly an object of general and large generosity, for food poured in on the prison authorities for him for some time. Chicken, roast beef, stews, ragouts, soups, fish, vegetables, pies, puddings and coffee figured in the list. One order from a Wall street cafe was large enough to have kept the prisoner in food supplies for several days. Moreover, accompanying all these eatables were knives and forks, which prisoners charged with capital offenses are not allowed to use with their meals. The warden had difficulty in stopping the stream of messengers bringing food. The incident was due to a report widely current earlier in the day that Thaw had quarreled with the prison caterer who has been furnishing him with meals, and that in consequence, he had breakfasted on ordinary prison fare. The report had it that the disagreement was due to Thaw's insisting on a knife and fork being supplied with his meals. Late in the day Thaw's attorney, Clifford W. Hartridge, explained that there was no foundation for the report beyond the fact that Thaw's caterer had been taken ill and could not work.

WIDOW ROBBED OF $3,500 IN GOLD

KILLING OF JAP POACHERS.

President Roosevelt Orders Another Cutter to Alaska.

(By Wire to The Morning Star.)

Washington, Aug. 9.—The Department of Justice today received a telegram from District Attorney Harlan, at Fairbanks, Alaska, regarding the killing and capture of Japanese poachers at St. Paul Island. The telegram contained no facts which had not been covered by Solicitor Sims report. Mr. Harlan asked for instructions which will be sent him in course of time

President Roosevelt has ordered that the revenue cutter McCulloch, which has been doing patrol duty in the vicinity of the Pribiloff Islands, in Alaskan waters, be directed to resume that duty.

He telegraphed today that the McCulloch should be sent immediately to the islands and orders have gone forward to that effect to the commander of the vessel. She is now in Alaska, where she conveyed Solicitor Sims, of the Department of Commerce and Labor and the Japanese prisoners captured on St. Paul Island.

NAROW ESCAPE FOR GOVERNORS.

Train Barely Missed Distinguished Automobile Party.

By Wire to The Morning Star.

Springfield, O. Aug. 9.—Governor Warfield, and Governor Harris and General J. Warren Keifer, who are here attending the reunion of Marylanders' Association, had a narrow escape from death to-day while they were making an automobile tour of the city. The car of former Mayor Bowlus was piloting the party and was closely followed by the car containing the two governors and Gen. Keifer. Just as the car crossed the main track of the Cleveland, Cincinnati Chicago and St. Louis railroad it broke down. The hind wheels were still on the track and the governors' car pushed within a few feet when the gates closed behind it. Seeing their peril they jumped just as the "Big Four" Limited dashed by. Two feet further would have meant instant death for the entire party, as the train was running at the rate of 50 miles an hour.

JUDGE IN CONTEMPT OF COURT.

Supreme Court Sits on Special Sessions Jurist.

(By Wire to The Morning Star.)

New York, August 9.—Judge Thos. W. Fitzgerald, of the Court of Special Sessions, was adjudged guilty of contempt of court by Justice William D. Dickey, in the Supreme Court, Brooklyn, to-day. The Justice had been ordered to appear in court to submit to an examination in supplementary proceedings in connection with a suit and did not do so. An attorney appeared for him and sought an adjournment until to-morrow, saying that the trial of criminal cases would occupy his attention all day.

Justice Dickey would not accept this excuse, saying that Justice Fitzgerald should know better than to offer it. He then adjudged him to be in contempt, but gave him until to-morrow morning to make an explanation.

Joe Morris, the negro who is alleged to have attempted the assassination of the family of George Bloodgood in Macon, Ga., on the night of July 29, was lodged in jail at Macon yesterday. He was taken there by Sheriff Wimberley, of Wiggs county, who affected the negro's capture Wednesday night. A posse with dogs chased the negro for ten days. Morris denies firing a shot gun at the posse.

ATTEMPTED ASSASSINATION.

Another Peasant Member of Russian Parliament Assaulted.

(By Cable to The Morning Star.)

St. Petersburg, August 9.—Two unknown men to-day attacked M. Annikin, one of the peasant leaders in the outlawed Parliament, in a street at Terjioki, Finland, near where M. Herzenstein, the constitutional Democratic leader, was murdered. In response to his cries, passers-by hurried up and M. Annikin's assailants escaped. It was announced June 30 that M. Aunikin and Alladin, the peasant leaders in the outlawed Parliament, had received warnings from the "League for the Salvation of Russia," of Odessa, they had been sentenced to death.

Some bombs seized in a suburb of St. Petersburg were each found to be charged with six pounds of dynamite. Arrests are being made in many places. It is stated that the principal members of all the trades unions are now in custody.

MUTINEERS MAY NOT BE SHOT.

Papers in Sebastopol Affair Were Abstracted by Admiral.

(By Wire to The Morning Star.)

St. Petersburg, August 9.—The sentences passed upon the Sebastopol mutineers probably will be mitigated. It will be recalled that the papers in the cases of these men disappeared mysteriously after the arrival at Sebastopol of Admiral Skrydloff, commander of the Black Sea fleet. Before he left Sebastopol the Admiral intimated that he considered the condemnation of the mutineers pre-arranged and unjust and said he thought the officers had been more to blame than the sailors. There is more than a suspicion that the "seizure by revolutionists" of the papers in those cases was staged by Admiral Skrydloff himself.

RAILROAD STRIKE ENDED.

Men at Macon Come to Terms With Railways.

(By Wire to The Morning Star.)

Macon, Ga., August 9.—The strike of Central of Georgia Railroad Car men was settled to-day at a conference held in the office of Master Mechanic Fetner. Road officials and representatives of the strikers were present. In the settlement the strikers waived objection to the appointment of Chief Inspector Dudley at Columbus, Ga. and the road gave the men an increase in wages. The strikers will return to work to-morrow. The trouble affected Macon, Columbus and Atlanta, and Chattanooga, Tenn. About 300 workmen were involved.

THE BACK WAY.

Balzac's Avenue of Escape From His Creditors.

In the year 1848 or thereabout, being worried by duns in Paris, Balzac took lodgings in Passy, then a village in the environs, at a house in the Rue Basse. There is little remarkable about the front of the house. It is just a plain, white, two storied French dwelling of a hundred years ago or of today for that matter.

But at the back is a garden and at the bottom of the garden is a doorway leading into one of the oldest lanes in the world, from the look of it. Truly this ruelle, with its crumbling walls of stone and plaster, its ivy and its shade of overhanging trees, is as happily devoid of suggestions of modern "improvements" as anything to be found within the girdle of the fortifications.

By means of this byway Balzac, when insistent voices from within the house reached his ears as he worked in his little pavilion at the end of the garden, could avoid the unpleasantness of an interview with any holder of the overdue bills which throughout his life were the only tangible results of his experiments as a printer and typefounder.

It needs but little imagination to see him hurry off down the lane, hatless and in slippers, to await events, while he dreams of exploiting the jewels of the Golconda or the silver mines of the new world.—W. H. Helm in Celtic.

LAND OF THE PARIS CABMAN

Place to Which He Returns With His Savings to End His Days.

It is a peculiarity of Paris, which every visitor who knows enough French to tell one dialect from another must have noticed, that nearly all Paris cabmen come from the same part of the country. The same thing is true of coal merchants and of dealers in roasted chestnuts, who come from Auvergne; of the goatherds, who hawk their milk about the streets, who are Breton peasants, and of many other trades.

The cab drivers' land is probably little known to Englishmen. It is down in the Aveyron, and Rodez is its capital, a tiny village, where the worst language and the best hearts in all France are to be found. The eldest of each family in Rodez takes the land and the paternal cottage. The old folks live with him until their death, and the younger sons go to Paris and drive cabs.

For years they drive about in all weathers, scraping together sou by sou until they have garnered enough to go home and pay for their board and lodging for the remainder of their days. They go with the elder brother to a notary on the first day of their return home and sign a deed by which he is bound to keep them for the remainder of their days in idleness in return for their savings.—London Standard.

DIVORCE RECORD IS STARTLING

One Million Granted in United States in Past Twenty Years.

STATISTICS ARE OFFICIAL

Government Census Bureau Gathering Figures for Use By President Roosevelt—He Will Urge Uniform Law Upon States.

(Special to the Observer.)

Washington, Aug. 8.—One million divorces, at least, were granted by the courts of this country during the past 20 years. This is an estimate by the census bureau and it is so startling that it probably will result in further important discussion of the question of enacting a uniform divorce law in the various States.

President Roosevelt, who has discussed in his messages and other public utterances, the general subject of legislation bearing upon marriage and divorce and has expressed himself strongly in favor of a uniform divorce law, directed some time ago that the census bureau institute an inquiry into the subject of divorce. No investigation into a social or economic question made in many years is regarded as more important to the people of the country personally than this one, now just fairly begun by Director North and his corps of assistants. It is expected by the President that the statistics gathered by the census bureau, together with the legitimate deductions from them, will demonstrate conclusively the necessity for uniform divorce laws, and he expects to use the figures to bring about such a result.

The question has been considered by the President with the ablest lawyers of the Senate and House of Representatives. They have concluded practically that at present Congress lacks the constitutional power to enact a divorce law which would be applicable in the States. The President hopes, therefore, to create a sentiment in favor of uniform legislation on the subject by the Legislatures of the various States or to obtain from the people, through the Legislatures, approval of a constitutional amendment conferring upon Congress authority to regulate by law the general matter of marriage and divorce.

The statistics to be collected and compiled by the census bureau will cover the 20-year period from 1887 to 1906, inclusive. A similar investigation was made in 1886, covering a 20-year period, and the figures of the two periods are expected to prove valuable for comparison. In the period of 20 years just preceding 1868, 484,683 applications for divorce were made to the courts and 328,718 of them subsequently were granted. Figures already in the hands of Director North, of the census bureau, warrant the statement that, in the past 20 years, the applications for divorce aggregated nearly a million and a half while the divorces actually granted numbered more than a million. Of course, even this alarming total does not include all cases of the infelicity of marriage, but only those which reached the courts in spite of the apprehension of the parties of public scandal.

The inquiry will be conducted along such lines as will make the resultant figures and deductions valuable in the preparation of laws for the regulation of marriage and divorce. An effort will be made to collect the statistics practically simultaneously, as in the case of the taking of the population of the country. Special agents will be appointed in all parts of the country to examine the records of the divorce courts. In the United States there are nearly 3,000 counties, all of which probably have records in their courts of divorce applications. All details concerning each case will be collected and tabulated with studious care. Particular reference will be made to the number of children affected by the divorce cases and how they were affected, as these facts, it is believed, will be potent in determining the action of the Legislatures in the passage of laws.

When the investigation shall have been concluded and the figures studied carefully with a view to presenting in concrete form the result of the inquiry, the resident will transmit the report to Congress, probably accompanied by a special message. In that message it is expected that he will give utterance to his views on the subject of the action to be taken to correct what is regarded by sociologists as one of the greatest evils of our time.

Turn backward, O time, in your flight,
Make me a child again just for tonight,
"I'll do it," cried time, "just let me be
Until I fix some Rocky Mountain Tea."

THE COTTON MARKETS.

New York, August 9.—The cotton market was active to-day and prices broke sharply to a new low level for the season under heavy liquidation and bear pressure, which was attended by considerable excitement among call traders who did most of the business, after some selling through wire houses during the early session. The close was only 4 or 5 points up from the lowest at a net decline of 18 to 23 points. Sales for the day were estimated at 300,000 bales. The market opened steady at a decline of 2 to 5 points, which was considered a little better than due on the cables, but the market soon weakened under the favorable weather reports and private wires from New Orleans reporting that the interior was offering spot cotton more freely. Some prominent local brokers were very heavy sellers on the decline, and it was estimated that one trader sold no less than 100,000 bales during the middle session. This cotton was believed to be for the account of a recent bull, whom some thought to be going short for a turn, while others believed that the sales represented the liquidation of long accounts. Recent buyers for a reaction also liquidated and doubled on the short side on a scale down, and taken altogether the market acted very weak and unsettled. October sold off to 9.62 and December to 9.73, or about 26 or 27 points net lower. Southern spot markets were unchanged to ⅛ lower.

Receipts at the ports to-day 2,805 bales against 2,848 last week and 7,025 last year. For the week 25,000 bales against 33,505 last week and 63,143 last year. To-day's receipts at New Orleans 52 bales against 3,029 last year, and at Houston 2,431 bales against 2,945 last year.

COLONEL BRYAN VISITS ROME.

He and arty Spent Yesterday Sightseeing in Eternal City.

(By Cable to The Morning Star.)

Rome, August 8.—Wm. J. Bryan and his party spent the day sight-seeing here visiting St. eters, the Rome Fortune and the Catacombs. Mr. Bryan did not see the Pope, having had an audience of him at the time of his former visit to Rome. The American party left Rome for Lugano this evening.

Reports from the flooded districts in Texas indicate that the damage will be great, conservative estimates placing the loss at $1,000,000, suffered mostly by the railroads.

A cloudburst and flood at Duskirk, Mexico, on Tuesday caused the death of three persons. Water was six feet deep in the streets of the town and many houses were damaged. Heavy water damaged the parks, the military barracks being flooded.

Five children of Thomas O'Daniels, of St. Louis Park, Neb., were seriously burned and may not recover, and her husband was severely burned in an effort to sae the family.

Prof. Henry D. Smith, General Secretary of the Beloit College at Williams, Ky., died yesterday as a result of his efforts to save the life of Miss Ruth Macumber, who was drowned near Lake Geneva on Tuesday.

A special from Milltown, Ga., yesterday says two negro convicts, "Bob" Henderson, serving a life sentence, and "Pete" Williams, sering 20 years term, escaped from the convict camp there by boarding a locomotive and dashing down the tracks about four miles where they abandoned the engine. They reersed the engine, sending it back at the rate of forty miles an hour. It was stopped by sending it against a row of empty freight cars on a side track.

MEN ARE POWERLESS

To Fight Against Disease Unless They Strike at the Underlying Cause.

To treat Dandruff, and Falling Hair, with irritants or oils on which a parasitic germ will prosper, is like scooping water from the ocean to prevent the tide from rising.

You cannot accomplish a satisfactory cure without having a right understanding of the fundamental causes of the trouble.

You must kill the Dandruff Germ.

Newbro's Herpicide does this because it is specially made to do that very thing.

When the germ is removed, the hair has no choice but to resume healthy growth and beauty.

BANK LOOTER UNDER ARREST

Cashier Herring, of Milwaukee Avenue State Bank Arrested in Chicago.

PUTS BLAME ON PRESIDENT

States That He Knows Nothing of President Stensland's Whereabouts —Authorities eRfuse Bail for Cashier till Further Investigation.

(By Wire to The Morning Star.)

Chicago, August 9.—Henry W. Herring ,cashier of the Milwaukee Avenue State Bank, which closed its doors three days ago, was arrested in Chicago to-day. He will be refused bail until his connection with the dis appearance of nearly $1,000,000 of the bank's funds is cleared up. Paul O. Stensland, president of the defunct institution, is still a fugitive, and, although nearly one hundred detectives are searching for the missing president, his whereabouts is a still a mystery.

Herring was arrested this afternoon two hours later than the time he had announced for giving himself up. He was taken at once to the office of Chief of Police Collins and put through a thorough examination as to his knowledge of President's Stensland's alleged mismanagement of the institution. Herring declared he did not know where Stensland was and had no knowledge of his whereabouts for more than a week. He maintained that if he was guilty of breaking the banking laws of Illinois, President Stensland was responsible. Herring declared he never had benefited a single dollar by President Stensland's system of banking.

State Bank Examiner Jones and Assistant State's Attorney Olson were present during the examination of Herring. Neither they nor the police were satisfied with the explanation given by Herring of his connection with the collapse of the bank, and it was decided to refuse bail to Herring until the failure had been further investigated.

Receiver Fetzer reported to the Superior Court to-day that a dividend of at least 25 per cent. would probably be declared to depositors in the bank within the next two weeks. This, it is said, will be followed by a second dividend, although the receiver tonight was not in a position to say how much of their savings the 22,000 depositors would recover from the institution. At a meeting of the board of directors of the bank this afternoon, a resolution was adopted appointing a committee to devise ways and means to apprehend President Stensland and to straighten out the affairs of the bank. The directors declare that there will be found a sufficient revenue from the assets to pay all depositors in full.

NEW YORK STRIKE UNSETTLED.

Business of Six Railroad Terminals Tied Up.

(By Wire to The Morning Star.)

New York, Aug. 9.—An attempt made late today to adjust the differences between six railroad tug boats operating in New York harbor, ended in a failure. The representatives of the Central Railroad of New Jersey, the Delaware, Lackawanna and Western, the Erie, the Baltimore & Ohio, the New York Central and the Lehigh Valley Railroads, which were most seriously affected by the strike, declined to accede to the demands of the striking crews for an increase in wages of $5 to $10 month and declared that they would fill the places of the strikers with new men.

The movement of freight on the roads named from their terminals in New Jersey and Staten Island to New York city was badly crippled and many carloads of freight were stalled in the yards on the west bank of the Hudson river It is feared that if the strike continues there will be a heavy loss to shippers of fruits and vegetables and other perishable freights and much inconvenience to New Yorkers.

The Pennsylvania and New York, New Haven and Hartford Railroads are not affected.

ROOSEVELT IS TOO MODEST.

Plan to Purchase His Birthplace Discountenanced.

New York, August 9.—The Roosevelt Home Club, which was organized to acquire possession of the Roosevelt homestead where the President was born, and to maintain it as a landmark in the city of New York, has decided that it is not in a position to fulfill its mission.

Justice McLean in the Supreme Court to-day, on the application of Roderick Begg, president of the club, and the other directors and officers, signed an order permitting the sale of the Roosevelt homestead for the sum of $60,000.

The project of securing the birthplace of President Roosevelt, at No. 28 East Twentieth street, was discouraged by the President and from that time the proposition became a failure.

FURTHER TROUBLE IN ROWAN COUNTY

Barn of Murdered Lyerly Family Burned—Incendiaries May Have Been Negroes or Friends of Lynchers—Six Lynchers Arraigned.

(By Wire to The Morning Star.)

Charlotte, N. C., August 9.—Six men so far have been arrested in connection with the triple lynching at Salisbury Monday night. These are Bud Bullobaugh, George Hall, John Caudle, Francis Cress and George Gentle, all Rowan county men save Hall, who is from Montgomery county. These men were taken into court this afternoon. Hall alone was arraigned. He is charged with murder on three counts. He pleaded not guilty. He was represented by Ex-Congressman T. F. Kluttz. Judge Long told the other prisoners to employ counsel. The hearing will probably be continued to-morrow.

Public sentiment in Rowan county in regard to the lynching is said to have undergone a great change and there is now a strong desire that the leaders of the mob be punished. It appears that the actual instigators were men from other counties. If the man who first beat his way into the jail with a sledge hammer were tried to-day it is said that it would not be difficult to find a jury to convict him. Solicitor Hamner is examining witnesses.

Early this morning the barn of the Lyerlys was burned and two horses were fatally injured. Some say negroes fired the building in a spirit of revenge, but others believe that the lynchers applied the torch in order to arouse the wrath of the people against the negro and in favor of the mob. No one has been apprehended for this crime. It is feared that the work of the incendiary will cause more trouble.

Saturday is regarded as the dangerous time ahead. The jail and the court house will continue to be protected by soldiers. Since the night of the mob Captain Barker has been criticised on account of the part his company took in the defense of the jail. The shots that were heard and believed to be blank cartridges from the guns of the soldiers, it now develops were from the pistols of the attacking party.

One of the two companies of infantry on guard at the jail was withdrawn this morning, the men returning to Charlotte in order to attend the annual encampment. There are two companies remaining.

Feeling Runs High.

Salisbury, N. C., Aug. 9.—While there are no visible signs of trouble, there are persistent rumors of the organization of a strong party to liberate from the Salisbury jail tonight the lynchers of the three negro murderers of the Lyerly family. Feeling runs high again tonight over the burning early this morning of the barn and two horses on the farm of Isaac Lyerly, who with his wife and two children were murdered by the lynched negroes. The barn is believed to have been burned by negro friends of the men who were lynched.

The military stil guards the jail and court house and gatling guns will be fired on a mob should it attempt to enter the jail premises.

A special venire of sixty men had been ordered and from this number a jury will be selected to try Hall, whose case will be called tomorrow morning at 10 o'clock.

Gov. Glenn Gone to Salisbury.

Charlotte, N. C., Aug. 9.—After addressing the yearly meeting of Friends at Guilford College today, Governor Glenn left at night for Salisbury where it is said he will give personal attention to the lynching investigation now in progress.

DERELICT SCHOONER TOWED IN.

Bodies of Ladies Drowned off Her Not Recovered.

(By Wire to The Morning Star.)

Norfolk, Va., August 9.—The Revenue Cutter Boutwell has towed into Elizabeth City, N. C., the schooner Luther B. May, which was wrecked in Pamlico Sound during a severe storm about a week ago, and from which three men, crazed by suffering, were rescued after two days and nights without food or water. Two women who were in the cabin of the schooner when she capsized were drowned, but their bodies have not yet been recovered. The vessel was found near Gibb's Shoals and was reported to the Hydrographic Department as a menace to navigation.

IMPENDING STRIKE AMONG MINE

President Mitchell Advises Conservatism in Southern Fields.

(By Wire to The Morning Star.)

Knoxville, Tenn., Aug. 9.—President John Mitchell, of the United Mine Workers of America, today addressed the joint convention of coal miners and operators of District 19, including mines of east Tenessee and southwestern Kentucky. President Mitchell cautioned both sides to exercise conservatism and sound business judgment in their negotiations and advised both to prepare to make concessions, in behalf of peace throughout the district. He predicted the time when strikes and lockouts will be no more, but said, "We will never live to see it." Following Mr. Mitchell's address the conference took a recess pending the report of the joint wage scale committee, which is now working in an effort to frame a scale effective September 1. The miners want a restoration of the scale of 1903, which is an advance of seven and one half per cent. over the present scale, an eight hour day and an increase for cartage. It is said the operators are willing to restore the scale of 1903, but decline to grant the cartage increase.

GREAT BATTLE OF ANTIETAM.

Big British Army Fights It Over In Sham.

(By Cable to The Morning Star.)

London, ug. 9.—The battle of Antietam "without its mistakes," was refought today on the banks of the Avon as part of the manouvers of the British army and was won by sheer force of numbers by the side representing the Northern army .

No larger force ever assembled on Salisbury plain than appeared today for this sham battle. The umpire was Lieutenant General Ian Hamilton, and among those present were Minister of War Halden and John Burns, president of the local government board. About 35,000 troops were engaged. Maj. General Franklin, comfanding 20,000 volunteers, represented the Northern army and Brig. Gen. Allenby, with 15,000 regulars the Southern army. The operations lasted for four hours.

VOLCANIC ISLAND OFF ALASKA.

Stands Nine Hundred Feet Out of Pacific Ocean.

(By Wire to The Morning Star.)

Tacoma, Wash., August 9.—Captain Truebridge, of the Steamship Northwestern, to-day displayed a photograph that he brought from the North, taken by an officer of the Revenue Cutter Perry, of a newly formed island, lying 50 miles west of Dutch Harbor, directly between the Bogos Islands, commonly known as Castle and Fire Islands. The new island made its first appearance during June, and is now nine hundred feet high. The length could not be ascertained as the Perry could not get close enough to make an accurate measurement. Clouds of steam rise from its summit, and it is surrounded by boiling water.

GEORGIA JUDGE IN TROUBLE.

Petition for Impeachment Pending Against Him.

(By Wire to The Morning Star.)

Atlanta, Ga., August 9.—A petition for the impeachment of Judge John H. Martin, of the Ocenee circuit of the Superior Court of Georgia, was presented before the House of Representatives to-day and a committee was named to report. The petition alleges that Judge Martin had abused his office in the restraining of certain orders in a case involving the Commercial Hotel at Fitzgerald, Ga., and that by reason of such delay the owners of the property suffered a loss of $300.

HOUR'S BATTLE WITH DESPERADO

Sheriff's Posse in Kentucky Mountains Capture Frank Ball, Escaped Murderer.

ONE OF HIS PALS WAS KILLED

Log Cabin in Which Desperado Was Entrenched Riddled With Bullets —Ball Had Refused to Surrender to Sheriff.

(By Wire to The Morning Star.)

Knoxville, Tenn., Aug. 9.—A special from Middlesboro, Ky., to the Journal and Tribune says that Frank Ball, the famous mountain desperado, who recently escaped jail at Richmond, Ky., was captured late this afternoon by Sheriff Rice Johnson and posse, after a battle which raged for one hour. Ball some time ago killed Jack Bolen, a Middlesboro barber, and after escaping into the mountains was finally landed in jail at Richmond, Ky., through the work of the Midlesboro militia company. Not long ago he broke jail and since has been hiding in the mountains. Wednesday night Ball was located in a log cabin near Rose Hill, Va., and Sheriff Johnson and 16 deputies started out to capture him. Reinforcements were sent for, as it was feared that Ball's friends and relatives might go to his aid. Nearly thirty members of the Middlesboro militia company volunteered as deputies and left by special train. This morning under a truce Sheriff Johnson went to the cabin and demanded Ball's surrender. This he refused to do. Late this afternoon fire was open on the cabin by the sheriff and after John Lee, one of Ball's men had been killed, Ball surrendered. Ball will be taken to the Kentucky penitentiary at Frankfort tonight. The house in which Ball took refuge was riddled with bullets from the guns of the posse.

STOPS DEALING IN FUTURES.

Georgia Legislature Has Passed Anti-Bucket Shop Bill.

(By Wire to The Morning Star.)

Atlanta, Ga., August 9.—The so-called Boykin anti-bucket shop bill adopted by the House of Representatives several days since, to-day passed the Senate by the decisive vote of 38 to 3, and needs only the Governor's signature to become a law. This bill makes no distinction between bucket shops and exchanges, but provides for the closing of all places in Georgia where options on "futures" are bought and sold, after January 1, 1907.

A substitute bill, making a sharp distinction between bucket shops and exchanges, which was favorably reported by the Senate committee, was lost by the vote of 29 to 14.

The effect of the bill will be to prohibit all buying and selling in this State of futures, and if signed by Governor Terrell, which is reported to be a practical certainty, will result in closing a large number of exchanges in Atlanta as well as in other cities of the State.
